### Experiences

Technical Consultant, Tap London (2015)

In this role, beside the day to day consultancy, implementation and support tasks, I also lead the company to undergo new ventures and building relationship with new partners.

Product Manager, Gousto (2014-2015)

I was promoted to management from my internship with Gousto, a food e-commerce brand, within its Product department. It is one of my proudest achievements, and have learnt much about start-up culture. I lead the team to innovate and improve our product, using Agile Product Management

Content Management Intern, Foodity (now Constant Commerce) (2013)

During my time in Foodity, I have learnt user testing, bug reporting and Agile Product Management on an food e-commerce platform.

Programme Manager, The Mini Cooking Club (2012)

As a volunteer programme manager, I have managed various fundraising, brand promotion events and was responsible to hire volunteers to help with our events or nutritional programme.

Specialist, Apple (2010-2012)

I worked in Apple Retail Store on Regent Street as a member of repair and troubleshooting team, providing excellent customer service and high quality repair consultation.

### Education

Bsc 2:1 in Human Nutrition, Mind the Product: Intro to Agile and Product Management
